The Mt. Hood Railroad offers an unforgettable journey through the scenic valleys of the Columbia River Gorge in the shadow of Mt. Hood.

Parkdale Excursion

Beautiful in all seasons, our most popular ride journeys through woods, orchards, and vineyards to witness picturesque views of Mount Hood and Mount Adams. A short stop at Parkdale offers picnic tables for a box lunch or a walk around the park before the relaxing return ride. Be sure to bring your camera because each season has something amazing to share.

Western Train Robbery

Every Saturday, stake your claim on this old west favorite with gamblers, robbers and musical entertainment on board. Music and entertainment will offer you a true western welcome aboard this family favorite ride.

Champagne Brunch Train

Sunday brunch with an ever changing view is sure to become a tradition now that we offer our new Diamond Class Dome seats! This three course brunch with selection of entree includes a complimentary glass of champagne. Those traveling our excursion section on Sundays do not have meal service as part of Standard Class. Brunch is served only in our lower level First Class or Dome Diamond Class.

Timber Baron Dinner Train

Dinner is served, with a side of mystery. A classic Murder Mystery unfolds on board with a great cast of characters where audience participation is encouraged. See if you can solve the mystery before the last bite of dessert disappears. A great whodunit puzzler that will be fun for all, case closed.

Group Sales

The Mount Hood Railroad sales staff is well-experienced in handling the unique needs of travel professionals. We offer net fare pricing, cooperative advertising, FAM tours and any collateral you may need to sell a great day on the Mount Hood Railroad. DINING WITH PREMIER RAIL COLLECTION

Premier Dining

The railroad properties of the Premier Rail Collection offer a variety of ways to dine by rail, but the ingredient common to all of them is exceptional service above all else. Whether it's a casual brunch aboard the Mount Hood Railroad or the acclaimed dinner service on Pullman, the service standards in place are reflected from the time the first drop of water is poured to when the last satisfied guest steps off the train. No detail is too small and that is why the dining service offered at these railroads is best-in-class.

Highlights of Dining By Rail with the Premier Rail Collection

- Attentive and expertly-trained wait staff in the art of first class railroad dining car methods.
- Meticulously sourced fresh ingredients to ensure the highest quality.
- Intimate settings that allow passengers to converse or take in passing landscapes.
- Restored rail cars that offer a glimpse back to a time when going to the dining car was the highlight of the trip.

Our Experts

Daniel Traynor, Director of Food and Beverage for PRC - Chef Daniel Traynor began his career 11 years ago on Holland America's McKinley Explorer, serving high-quality meals to Alaska's visitors while they traveled from Anchorage, through Denali National Park and into Fairbanks. He has worked in a variety of culinary environments from high-end department store dining to local, sustainable farm-to-table restaurants, but has always been drawn to the unique nature of food service aboard rail cars. With the variety of techniques he has mastered, from vegan cooking to rolling sushi, Chef Daniel strives to provide the finest possible fare for our rail travelers.

Steve Torrico, General Manager of Passenger Services - Steve started his railroad career at the fabled Sierra Railroad in 1977. Here he saw his first authentic dining car experience with the Sierra Supper Chief Dinner Train. This train was an authentic recreation of dining car service once common on every major railroad in the United States during the golden age of passenger railroading. Steve has spent a lifetime in the study of dining car services offered in days gone by, particularly focused on the Pullman Company and its unique brand of passenger services.

In 2009, Steve orchestrated dining car services on the Arizona Eastern Copper Spike Excursion Train in Globe Arizona. As news spread in the Phoenix area, first class dining car service was a tremendous hit on the Copper Spike filling the train each trip with passengers that heard of the fresh cooked food and exceptional tableside service.

In 2011 the Saratoga & North Creek operation became the anchor operation in the Premier Rail Collection to offer first class dining car service on regular passenger trains operating seven days a week. Breakfast, lunch and dinner was again available to the travelling public with the same high standards created by the original Pullman Company.

HOLIDAY EVENTS

Nationwide

Premier Rail Collection is the nation's largest operator of holiday rail events. From fully licensed experiences like The Polar Express™ Train Ride, to events created by PRC tailored for railroad audiences, our scenic railroads are family favorite across the country during the holidays.

THE POLAR EXPRESS™ Train Ride

Group Rates Available in Standard Class

All Aboard! The Polar Express™ comes to life each holiday season as several of the Premier Rail Collection trains roll out of the station bound for the "North Pole!" Before arriving at the North Pole, a recorded reading of the iconic book, The Polar Express, by author Chris Van Allsburg, is typically played as we turn the pages to share the beautiful illustrations in the original book. If families prefer to read along from their seats, books are available at the time of your ticket purchase and will be waiting gift-wrapped at the station. The Polar Express™ Train Ride magically arrives at the outskirts of Santa's North Pole village, where Santa Claus himself and his elves joyously welcome the train! During the return trip, Santa will greet each child with his signature holiday spirit and the first gift of Christmas: a bell cut from his sleigh. Each unique railroad has their own version of the North Pole, but they all guarantee the same kind of holiday wonder.

THE POLAR EXPRESS™ Train Ride is currently offered at the Mount Hood Railroad, Texas State Railroad, and the Saratoga & North Creek Railway as well as Bristow, OK, Middleton, WI, Dartmoor Railway, UK and Weardale Railway, UK. As a bonus, the West Texas & Lubbock Railway, one of our freight railroads, creates The Polar Express™ each holiday season.

Train to Christmas Town

Group Rates Available in Standard Class

This holiday event was created exclusively for PRC based on the holiday children's book written by Peggy Ellis. The book is a heartwarming tale of Janice, a little girl who looks forward to riding the Train to Christmas Town every year with her brother and Grandmother. On the train ride, meet charming characters inspired by the book, enjoy holiday treats and cheerful decorations, share a visit with Santa Claus and receive a very special gift. The conductor will welcome you aboard and punch your ticket as you find your seat in warm and cheerful decorated cars.

Currently offered at the Santa Cruz and Monterey Bay Railway, The Rio Grande Scenic Railroad and The Cape Cod Central Railroad.
